Pinot Noir 2015

Eddystone Point was first released in 2013 and realises the winemaking team vision to create wines that are drinkable, affordable and represent the undisputed quality of Tasmanian fresh produce.

Eddystone Point, situated in windswept North East Tasmania, features some of the most uniquely layered terrains on the planet. Our wines embody Tasmania's diverse and distinctive landscape revealing characters that showcase the untouched natural beauty of this faraway place.

Winemaker's Notes

The 2015 vintage was one of more generous yields to the year prior. A wet winter, was followed by consistent rainfall through spring, with good conditions for flowering and fruit set. The summer was generally very mild, with very few days above 30°C and although rain threatened during harvest, it was insufficient to cause delay, dilution or increased incidence of disease. A year of fragrant, delicately structured wines, more savoury in style.
