

# CHARDONNAY

## 2023

Eddystone Point was first released in 2013 and realises the winemaking team's vision to create wines that are drinkable, affordable and represent the undisputed quality of Tasmanian fresh produce. Situated in windswept Northeast Tasmania, this landscape features some of the most uniquely layered terrain on the planet. Our wines embody Tasmania's diverse and distinctive landscape revealing characters that showcase the untouched natural beauty of this faraway place.

### Winemaker's Notes

---

The 2023 Vintage in Tasmania was yet another challenging year. A long cool growing season led to great flavours but with plenty of disease pressure to keep us on our toes. The outcome of this tricky season is aromatic wines with complex flavour concentration, ripe structure, and lovely mid palate weight. Whilst table Chardonnay yields are very low, the quality is excellent. Pinot also had another great year, and we celebrate the return of the East Coast parcels. Another promising year from a great variety of challenges.

Eddystone Point Chardonnay represents the continued evolution of Tasmanian wine as we explore and develop vineyard resources. Our philosophy is to nurture elegance but develop ripe flavour at moderate potential alcohol levels. A true cool climate style, this Chardonnay displays the distinctive characteristics of Tasmanian Chardonnay.

### Tasting Notes

---

**Colour:** Medium straw with a green hue

**Bouquet:** Aromas of white peach, pear juice & lemon curd. Lifted oak toast with notes of fresh stone-fruits.

**Palate:** A juicy but refined palate with a backbone of mineral acidity and flavours revolving around stone fruit and fresh cut quince. Gentle sweetness develops through the mid-palate from the careful use of quality French oak, giving structure and length, complementing the vibrant fruit profile of this wine. Partial malolactic fermentation has resulted in a wine that has texture and balance. A wine to drink now.

**Wine Style:** Sweet 1 2 3 4 5 Dry      Light 1 2 3 4 5 Full Bodied

**Alcohol**  
13%

**Residual Sugar**  
2g/L

**Acidity**  
7 g/L
