

# PINOT GRIS

## 2022

Eddystone Point was first released in 2013 and realises the winemaking team's vision to create wines that are drinkable, affordable and represent the undisputed quality of Tasmanian fresh produce. Situated in windswept Northeast Tasmania, this landscape features some of the most uniquely layered terrain on the planet. Our wines embody Tasmania's diverse and distinctive landscape revealing characters that showcase the untouched natural beauty of this faraway place.

### Winemaker's Notes

---

2022 in Tasmania was again one of many challenges, with each of the sub regions behaving even more differently from each other than usual. The Tamar Valley was well ahead of all other regions from the outset and performed strongly, with little disease pressure at all and warm sunny days bringing in clean fruit with solid flavour early in the season.

The Derwent and Coal River Valleys both experienced relatively cool and slow ripening seasons, producing excellent quality fruit that arrived very late in the season, picked at relatively high Baumes to manage the acid retention. The outcome of this tricky season is aromatic wines with complex flavour concentration, ripe structure and lovely mid palate weight.

### Tasting Notes
